DESIGNER NIKOLAY YARIN, OSTROUKHOV KONSTANTIN

In the interior of « Heads » barber shop , I tried to rethought the aesthetics of Soviet interiors . Glass blocks , broken tiles (this is how some interiors of Soviet industrial premises had come to our days) , stainless steel work surfaces .The core of the interior here is a large reception desk , around the rest of the space is organized : on the one hand , the cyclic composition is very convenient for employees to work , on the other , the workplaces are closed by a massive counter and it is more comfortable and private for customers
